

STEPHIN RAJ P

Software Engineering Student | Madurai , Tamil Nadu | +91 8678939009 | [LinkedIn](#) | [GitHub](#) | [Email](#)

Summary

Final-year Information Technology student with hands-on experience in Java, Spring Boot, REST APIs, and MySQL through academic and personal projects. Good understanding of DSA, OOP, and DBMS, with an interest in backend development and software engineering. Interested in building practical applications and improving problem-solving skills through real-world projects.

Skills

Technical

- **Languages** : Java, Python, C++, SQL
- **Tools & Platforms** : Git, GitHub, Postman, AWS Basics
- **Backend** : Spring Boot, REST APIs, MVC Architecture, JDBC
- **Core Concepts** : Data Structures & Algorithms, OOP, DBMS, OS, CN
- **Frontend** : React.js, HTML, CSS, Bootstrap
- **Database** : MySQL

Projects

Course Enrollment System | *Java, Spring Boot, MySQL*

Aug 2025 - Sept 2025

GitHub : [Course Enrollment System](#)

- Developed a web-based course enrollment system using Spring Boot and MySQL.
- Built REST APIs for student registration, course selection, and enrollment management.
- Integrated MySQL database for storing and retrieving student and course information.
- Implemented CRUD operations following MVC architecture for better code organization.
- Designed backend modules for efficient course management and data handling.

Smart Inventory Forecast System (Ongoing) | *Java, Spring Boot, MySQL, ML*

Feb 2026 - Present

GitHub : [Inventory Forecast System](#)

- Developing an inventory demand forecasting system using machine learning techniques.
- Processing historical sales data to predict future inventory requirements.
- Experimenting with XGBoost and DeepLearning4J (DL4J) for predictive analysis.
- Exploring data preprocessing and model optimization for improved forecasting accuracy.
- Aiming to reduce stock shortages and improve inventory planning efficiency.

Achievements

- Representative for the Department of Information Technology in Science and Humanities Association (SAHA).
- College Level Participant in Smart India Hackathon (SIH) 2024 - *Ministry of Jal Sakthi*.
- College Level Participant in Smart India Hackathon (SIH) 2025 - *Government of Jammu & Kashmir*.

Education

Sri Krishna College of Technology

Sept 2023 - April (Expected)

Bachelor of Technology | Undergraduate

- Course : B.Tech Information Technology
- CGPA : 7.51 (5th Semester)
